

Tear Gas And Dogs Break Up July 4 Riots

By The Associated Press
Police used tear gas, dogs and cattle prods to break up Fourth of July riots by youths at five places from coast to coast.

About 200 persons were arrested. Several officers and rioters were injured.

The riots occurred at Indian Lake, near Bellefontaine, Ohio; Newport, R.I.; Garnett, Kan.; West Yellowstone, Mont., and Pleasanton, Calif.

They were prompted in most cases by a combination of youthful exuberance and alcohol.

At Indian Lake, an estimated 5,000 to 10,000 beer-drinking college youths staged boisterous demonstrations Friday and Saturday nights.

"These kids were like a keg of dynamite waiting for something to set them off," a sheriff said.

Firecrackers Start Melees
More than 50 young men were arrested on the two nights. Tear gas was used to quell the rioting.

Authorities said firecrackers thrown into the crowds, injuring several youths, probably triggered the Saturday melee. One police officer suffered a heart attack.

Near Newport, R.I., thousands of youths attending the jazz festival started to whoop it up at a beach party. Beach house doors, beach umbrellas and a lifeguard stand were among items tossed onto a huge bonfire, police said.

About 100 youths were taken to jail when they hurled rocks and other missiles at officers. Police cleared the beach in about 90 minutes.

At Garnett, Kan., about 2,000 beer-drinking youths started a riot on an outdoor dance floor Saturday night. Two officers were burned by exploding cherry bombs.

Ax Handles Swung
Thousands had converged on the small Kansas town — pop. 3,000 — for the annual sports car races.

Police dogs bit several persons while helping to herd the unruly crowd to Garnett city park.

Police used electric cattle prods and nightsticks to get things under control.

At West Yellowstone, Mont., about 30 residents used ax handles against a mob of 1,000 teen-agers and college-age youngsters Saturday night after the mob tore down fences, tipped over outdoor toilets and signs, and demolished a tailor for bonfire fuel in the resort town. Four young men were jailed.

At Pleasanton, Calif., the annual Alameda County fair was disrupted Saturday night after officers tried to send home a half-dozen youths who "had been drinking, were throwing firecrackers, and were shouting and swearing," police said.

Firemen used high pressure hoses on the rioters after a cherry bomb was hurled into a patrol car, injuring a deputy sheriff's leg.

More Accurate Report Awaited From Viet Nam

WASHINGTON (AP) — Gen. Maxwell D. Taylor's assumption of U.S. leadership in South Viet Nam may bring more accurate and perhaps more balanced information to Washington on the course of the war.

Reliable assessments from the field are imperative if the government is to be guided properly in its decisions on the conduct of U.S. efforts to help the South Vietnamese overcome Communist rebellion.

Certain key American officials here say they have been skeptical about the estimates and reports sent in from South Viet Nam.

This is not to suggest they have felt U.S. military and diplomatic authorities in Saigon have tried to delude the White House, State Department and the Defense Department.

But some Washington officials have doubts about the way the information is gathered, the sources, and the judgments made on the basis of this information.

They acknowledge that accurate assessments are difficult in a war characterized by hundreds of small unit actions and

Scranton Blitz Shows No Gains

SAN FRANCISCO (AP) — Sen. Barry Goldwater's delegate lines held firm today while Pennsylvania Gov. William W. Scranton's attempted blitz for the GOP presidential nomination showed no signs of catching fire.

With former Ambassador Clare Boothe Luce scheduled for the spotlight in the opening platform hearings tonight, Goldwater strategists remained so confident of his convention strength they made no move to break apart the Ohio and Wisconsin favorite son delegations from which they might gain additional votes.

As matters stood, Goldwater had 710 publicly committed votes in The Associated Press survey, a comfortable margin over the 655 necessary for the nomination. Scranton had 146, plus the 105 in the name of New York Gov. Nelson A. Rockefeller and 45 committed to Henry Cabot Lodge, now the Pennsylvania governor's personal campaign adviser.

There remained 186 uncommitted delegates and 113 tied up to favorite sons, a relatively limited field in which Scranton could prospect. Of Goldwater's 700-plus, only a relatively small number were firmly bound by primary or convention action, but the others showed no signs of deserting him.

There were reports Sunday that Gov. James A. Rhodes had released Ohio's 58 votes from their first-ballot commitment to him as a favorite son. These reports were followed by others that Rep. John W. Byrnes would turn loose the 30-vote Wisconsin delegation. Either of these moves would have been interpreted as a sign of panic on

the part of Goldwater's managers. Both were promptly denied.

The Arizona senator's camp has claimed nothing in either state. But in each there are indications that he would get more than half of the votes if the delegates were freed of their favorite son commitments.

His lone opponent was Jose Gonzalez Torres, 44, of the Party of National Action—PAN—which charged voting irregularities in a dozen states.

The federal electoral commission and high officials said it was a clean election and there were no disturbances.

The final count will not be known for days. Only fragmentary returns were announced Sunday night. These were overwhelmingly for Diaz Ordaz, but not the 90 per cent lead he had been expected to get.

Diaz Ordaz pledged himself to give his full efforts to his new job, which he will take over Dec. 1 for six years.

He is believed to be a bit more to the right than President Adolfo Lopez Mateos. In campaign addresses he promised to continue the moderate policies of the present administration.

Holiday Traffic Killings Hit Record Toll Of 486

Police Hunt Killers Of 2 Detroit Boys

DETROIT (AP) — Police are "concentrating on young people, boys as possible suspects," in the brutal slaying of two teen-agers who were shot a total of 11 times.

Police Inspector Hiram Phipps, heading the investigation into the killing of 14-year-old Sheldon Miller and 17-year-old Francis (Pat) Brown, said five boys were questioned Sunday.

The youths, all from the middle class northwest Detroit neighborhood where Sheldon and Pat lived next door to each other, were eliminated as possible suspects after being given lie detector tests, police said.

Phipps, meanwhile, ruled out an anonymous telephone call to Miller's father, Abe, "the work of a crank."

"I got your boy and you're next," Miller said the male caller told him 16 hours after the bodies of the boys were found in a school playground.

A series of strange telephone calls—as many as 40 in one hour was received by the Brown family, Mrs. Guy Brown said. The calls, by someone who did not speak, started last Monday and were stopped Thursday when the family changed the phone number, she said.

Funeral services are scheduled Tuesday at a Catholic church for the Brown youngster. In Jewish rites, Sheldon was buried Sunday.

Police theorized the slayer used a 9-shot, .22 caliber pistol to fire bullets seven times into Sheldon and four times into Pat. Officers said the killer would have paused once to reload the gun.

Two brothers walking their dog found the bodies of Sheldon and Pat lying in a shallow depression on a playground adjacent to the Emerson grade school.

Accident Kills Parents Of 12

RONKONKOMA, N.Y. (AP) — "I had to tell the kids their mother and father were dead. Twelve kids! The young ones, they don't really understand yet."

The words of Suffolk County police Sgt. Roy E. Plume also revealed a personal tragedy: The dead father was his brother.

Killed in a head-on auto crash Sunday were Clinton Plume, 42, and his wife, Jean, 35.

The Plumes were the parents of six boys and six girls, ranging in age from 8 months to 17 years.

Police said Plume's car went out of control on Smithtown Boulevard in nearby Nesconset when the left front tire blew out.

Driving the other auto was Kare Karlson, 19, of St. James. One of five passengers in his car, Anne Jensen, 17, of Brookline, died Sunday night in Smithtown General Hospital.

Battle Begins On Civil Rights Planks In GOP

SAN FRANCISCO (AP) — The 1964 Republican platform writers start work today amid a struggle between Goldwater and Scranton supporters over what stand the party should take on civil rights.

As former Ambassador Clare Boothe Luce prepared to lead off a week's testimony from nearly 200 witnesses, the platform committee chairman, Rep. Melvin R. Laird of Wisconsin, listed proposed platform wording concerning the new civil rights law as a main point of conflict between the rival camps.

Sen. Hugh Scott of Pennsylvania, convention manager for presidential hopeful William W. Scranton, Pennsylvania governor, called an informal meeting of from eight to a dozen of the 105 platform committee members.

Scott said his aim is to persuade some like-minded delegates to work for inclusion of what he termed "moderate, progressive" planks in the party document.

Backers of Barry Goldwater saw Scott's move as an effort to wean support away from the Arizona senator. Goldwater's representative on the committee, Rep. John J. Rhodes of Arizona, said he expects the rival candidate's forces to try to write into the platform wording unacceptable to Goldwater, an avowed conservative.

Goldwater voted against the civil rights bill on grounds that two major provisions are unconstitutional. Scott said Scranton would propose platform language declaring the measure constitutional.

Johnson City, Tex. (AP) — President Johnson is "highly pleased and gratified" at Congress' record, but he is cooking up new proposals he feels will move the country toward his concept of a "Great Society."

Johnson believes enactment of the sweeping civil rights law has cleared the way for tackling such problems as metropolitan area growth; the growth of interlocking federal, state and local responsibilities and finances; health; education; and gearing the governmental structure to an age of science and technology.

White House sources relayed Johnson's views to newsmen covering his holiday stay here and said the chief executive already has a number of task forces at work on long-term planning.

Until the various studies are finished, the President is not about to put a price tag on the proposals that ultimately may be submitted to Congress for new legislation.

Johnson has been trying to project the image of an economy-minded administration. But he is represented as feeling that while the people want sound and prudent fiscal management, they also want the government to respond with compassion to human needs.

The President has not ruled out the possibility of further civil rights legislation, but no determination can be made, he feels, until the effects of the bill he signed last Thursday are assessed.

In the foreign field, Johnson is claiming to be well satisfied

Quake Is Felt In Mexico City

MEXICO CITY (AP) — A sharp earthquake hit Mexico City today, sending tourists fleeing from hotels in pajamas but apparently causing no major damage in the city. Some windows were broken and some walls cracked.

It was the sharpest earthquake in Mexico City since the 1957 quake which caused considerable damage in this capital. Communications were out to other areas of Mexico. All lights went out in Mexico City.

Three minor earthquakes were felt Sunday in northern Sonora and Baja California, in northwest Mexico, but no casualties or damage was reported.

Electric power was restored quickly in many parts of the city, but some areas remained dark.

Many people were frightened and ran into the streets.

In the 1957 earthquake 66 persons were killed and there was considerable damage.

Telephone lines to other areas of Mexico were down, and there was no immediate way of telling whether other areas were hit.

Large crowds, mostly tourists in night attire, poured from hotels.

REP. MELVIN R. LAIRD of Wisconsin, above, has been named chairman of Republican platform committee in Washington. Laird describes his political philosophy as that of a "creative conservative." (AP Wirephoto)

Michigan Beats 10-Year Mark With 36 Dead

By The Associated Press
Traffic accidents took a record 486 lives during the three-day Fourth of July observance.

The toll was counted across the nation during the 73-hour weekend period from 6 p.m., Thursday (local time), to midnight Sunday.

The heavy death toll compared to the previous high of 442, set in a three-day Independence Day holiday period in 1960.

There was a sharp increase in fatalities in the last 24 hours of the 78-hour holiday period, with more than 175 deaths reported.

The National Safety Council had estimated the traffic deaths would total between 450 and 550.

The council, until Sunday, had been hopeful that the final total would be below its pre-holiday estimate. But with millions of motorists homeward bound from resorts and vacations, the death rate rose far above the earlier pace.

PREVIOUS HIGH 35

Michigan's Fourth of July holiday traffic toll soared to 38 over the weekend, smashing a 10-year record for fatalities in a 78-hour Independence Day period.

In addition, 18 persons drowned in boating and swimming accidents.

The previous high for a similar 78-hour Fourth of July weekend was 35 dead in 1954. This year's toll equaled the number killed on the state's highways last year during a 102-hour period.

At least seven of the fatal crashes claimed multiple victims. The worst was a one-car accident Saturday near Suttons Bay on the Leelanau Peninsula in which five migrant workers died.

The Associated Press holiday tabulation of deaths began at 6 p.m. Thursday and ended at midnight Sunday.

James Stahl, 32, of Michigan; his brother Thaddeus, 38, of Champion, and Elaine Hutchinson, 54, of Chicago, were killed in a two-car collision Friday night on U.S. 41 near Ishpeming. Police said the Stahl car went out of control and skidded into the oncoming car in which the Hutchinson woman was a passenger.

Gary LaPonsi, 26, of Round Lake, Ill., drowned Saturday while swimming in a private lake two miles north of Kinross in Chippewa County.

Edmund L. Barnes, 62, of Grand Rapids, drowned Sunday in Muskegon Bay about one-half mile south of the Upper Peninsula community of Cedarville. Police said Barnes apparently was thrown overboard when he tried to start a boat motor which was in gear.

Officers said Namon, who was struck on the head by a nightstick during the melee, was released from a hospital in Ann Arbor Sunday. He suffered minor injuries, police said.

At least eight police officers were injured in the fight which broke out when police arrested Raymond, Amos and an unidentified adult for drinking beer and wine in a car behind a dance hall.

The adult later fled during the disturbance when a crowd of youths poured out of a dance following the arrests.

Jackson called its entire night duty shift of 14 men to the scene.

They were reinforced by state police and Jackson County Sheriff's deputies.

Among the injured officers were patrolman Calvin Watson and Ronald Grover. Watson suffered a shoulder injury and was bitten on the rib cage when he was knocked to the ground while trying to make arrests.

Grover suffered a 12-inch gash on his face.

Police said the incident was the third such occurrence between police and Negroes in Jackson in the last year.

TWO TEEN-AGE Detroit boys were found slain in a schoolyard on Detroit's east side an hour after leaving home to shoot some fireworks. Both boys, Sheldon Miller, 14, left, and Pat Brown, 17, right, were shot several times with a small caliber weapon, police said. (AP Wirephoto)

Ricketts Dies; Vice Chief Of Navy Operations

WASHINGTON (AP) — Adm. Claude V. Ricketts, 58, vice chief of naval operations, died today at the Bethesda Naval Hospital of a heart attack.

The Navy Department said Ricketts had entered the hospital Friday.

A naval aviator, Ricketts commanded the 5th Amphibious Force during the invasions of Tarawa, Eniwetok, Saipan, Tinian, Iwo Jima and Okinawa and took part in the occupation of Japan at the end of World War II.

Born Feb. 23, 1906, in Greene County, Mo., he was a 1929 graduate of the Naval Academy. He became a pilot in 1932.

Funeral plans have not been completed.

Survivors include his widow and two sons, both naval officers, Lt. M. V. Rickett and Ens. James B. Ricketts.

Garden Greets Rev. McShane

GARDEN — Rev. Neil McShane, new pastor of the East Delta United Church parishes, conducted services at Cooks, Garden and Fayette on June 21 for the first time since his acceptance of the pastorate for this area.

Rev. McShane is a native of Dexter, Mich., and his ordination to the ministry took place at his home parish, St. Andrews United Church of Christ on June 14, 1964. He graduated from Elmhurst College, Elmhurst, Ill., in June 1960 with an A. B. degree. He enrolled at Eden Theological Seminary, Webster Groves, Mo., where he was prepared for the ministry through study and field work. He has had experience at inner-city missions and local congregations.

Church Builds Power Plant

St. Joseph's Church, 709 1st Ave. S., has started construction of a new power plant which "will be adequate to heat our whole operation," announces Father Jordan Telles, O.F.M. The plant will be a separate building capable of servicing the Church, school, rectory, gym, sister's house and anything that might be built in the near future.

The plant, which will cost approximately \$35,000, will include a 12,000 gallon oil storage tank, being installed today, and two 80 horsepower boilers. The new heating system can operate on either gas or oil and will be completely automatic.

Berger & Robinson are installing the boilers this week and Erling Arntzen is the contractor.

"The old boilers are 38 years old and are in the basement of the school," said Father Telles. "They've been condemned and now new fire laws prohibit installing boiler equipment under classrooms, thus necessitating a new building and facilities."

The maintenance shop, in charge of Charles Propst, will be incorporated as a part of the new building.

The building, started last week in the rear of the church, is constructed of cement blocks with light colored outside facing. Any future construction can be built of the same colored materials and structure design, making them look alike," said Father. We are using the same piping and ventilation facilities, which are still in good condition.

Construction of the plant is expected to be finished within several weeks.

Charles Bowens Return From Vacation Trip

RAPID RIVER — Mr. and Mrs. Charles Bowens and children, Charles Jr. and Carol, have returned to their home on Whitefish Hill after a month's vacation. The Bowen family's destination was Palmdale and Lancaster, Calif. They traveled through Minnesota, South Dakota, Utah, Arizona, Colorado, Wyoming and New Mexico stopping in each state to rock hunt and camp. Mr. Bowen is a member of the Bay de Noc Gem and Mineral Club and he brought home with him several select specimens.

In Two Harbors, Minn., the Bowens visited with Bob and Sue Aaberg. Aaberg, assistant federal forest ranger in Ely, Minn., formerly worked out of the ranger station in Rapid River. Special points of interest on the trip were visits to the Badlands in Wyoming, Kit Carson Park in Denver, and the Cliff Dwellers Park in Bandelier, N. M.

In California the Bowen family visited with Mr. Bowen's mother, sister and family, Mrs. Bert Bowen, and Mr. and Mrs. Preston Hicks, and Mrs. Bowen's sister, Mrs. Leonard Truelove.

The sport of boating cost Americans nearly \$2.6 billion during 1963.

Even Teamsters Wear Shorts In N.Y. Heat Wave

NEW YORK (AP)—New York City's sizzling heat wave has brought out teamsters in knee-pants, been blamed for stranding sightseers on an aerial ride at the World's Fair and sparked a rent-strike threat at the Empire State Building.

"Distinguished attorneys" are working in their undershirts, said a law firm partner whose offices are at the equator of the 39-floor heat belt in the Empire State Building. The floors have been without air conditioning for a week.

On four working days of this week the temperature went into the 90s. On two days it hit 99. Pavements buckled. Motorists' radiators, and tempers, boiled. Thousands fled the broiling city and headed for beaches.

Air conditioners were turned on full blast and, in a few sections, the electricity went off temporarily, the result of heat tripping automatic switches.

The bare, cool knees of five Teamster Union members, — and management's stern disapproval — led to a walkout Thursday of 75 drivers at a Railway Express Agency terminal in Brooklyn.

It would not be proper, said a company spokesman, for housewives to see the knees of the company representatives.

The drivers, who had the support of their local, said Bermuda shorts were just the thing for the oven-hot cabs of the trucks. A shop steward said he made a private survey of housewife reaction and got no complaints.

At the World's Fair a dozen sightseers in two gondolas on the aerial tower ride were trapped in the air for hours when the electrical brakes locked. Officials blamed it on the hot weather.

A spokesman for the building's management said the needed repair parts were expected over the weekend.

Armless Driver Wins OK From Wyoming Police

WYOMING (AP) — "Better than average" was the rating given Robert W. Breen, 21, after a 30-minute qualifying test Thursday for his driver's license.

Breen, born armless, was checked out by Wyoming Patrolman Roger Smiths.

The 1959 model auto Breen drives has an automatic shift. Three knobs on the steering wheel are the only special equipment. Smiths said Breen steers the car with his bared left foot, using his right foot to accelerate, brake and operate turn signals.

Qualifying for the driver's license was the latest accomplishment for Breen who uses his feet for such activities as shaving with a safety razor, type-writing, pitching a baseball and firing a shotgun.

Francis Trombly New Postmaster

ROCK — Francis Trombly was officially installed as the new postmaster of Rock Tuesday evening, June 30, at the Rock Lions club house by Escanaba Postmaster James Pryal. Leo Kulikki was master of ceremonies. The Rock Legion Post 559 posted colors, the Rev. William Avery of the Faith Lutheran Church at Rock offered invocation and benediction. The Faith Lutheran Church choir, accompanied by Sally Waak, sang two numbers, with Vilho Vertanen as soloist.

Rep. Einar Erlandsen spoke briefly and Postmaster Pryal presented Postmaster Trombly with a picture of President Johnson and Postmaster General Gronouski to be used in the Postoffice.

Guests at the ceremony were Mrs. Pryal and Mrs. Erlandsen and Mr. and Mrs. Jay Kleiber. Mrs. Kleiber is the former Rock Postmaster. Refreshments were served.

Dr. Moreau discussed proper riding methods and horse judging with this group from the Circle 4-H Saddle Club of Escanaba. He was in Delta County last week and worked with beef and saddle 4-H Clubs. The beef groups discussed showmanship, fitting and judging. (Larry Bradford Photo)

Ferris Blocked At Big Rapids

BIG RAPIDS (AP) — Ferris State College Board of Control members say they are considering the location of some proposed expansion in another community because of a rift with Big Rapids.

Ferris is this community's chief employer.

The controversy centers on a 55-acre farm tract on the west side of U. S. 131 across from the present campus at the southern edge of the city.

Ferris planned to use it for a multimillion dollar expansion of married housing units and development of special education projects.

A move to acquire the property recently was blocked by city planning board action which rezoned 19 acres in the center of the tract. The rezoning for construction of residential apartments paves the way

for a private realty firm to erect housing similar to that which the college planned, according to Ferris officials.

U. S. District Judge Raymond W. Starr, chairman of the board of control, criticized the planning board action.

He called it a "complete lack of support for the future growth of the college and a plain effort to block an expansion of the college...an unbelievable sell-out to private interests."

Ferris says it has abandoned plans for expansion west of the highway and is studying possibilities of locating part of the school's main campus elsewhere.

Michigan Poll Picks Johnson

DETROIT (AP) — The latest political poll in the Detroit News indicated Saturday President Johnson would run up a Michigan vote reminiscent of the early days of Franklin D. Roosevelt.

The poll, conducted by Richard Oudersluys, president of the Market-Opinion Research Company, also indicated Gov. William Scranton of Pennsylvania holds a 3 to 1 edge over Arizona Sen. Barry Goldwater for the GOP presidential nomination.

The Michigan voter sampling was the second conducted by the News this year. Last January, Republican presidential hopefuls included Richard Nixon, Gov. George W. Romney, Henry Cabot Lodge, Goldwater and Scranton in that order.

The latest poll said that President Johnson would draw 74 per cent of the November election vote, Goldwater 21 per cent, and 5 per cent undecided. Against Scranton, the President got 67 per cent with the Pennsylvania governor taking 28 per cent. Five per cent remained undecided.

The News said its poll indicated Johnson was attracting surprising voter support in rural Michigan as well as the Democratic stronghold of Wayne County.

Danielson Leaves To Tour Europe

Dr. J. D. (Jack) Danielson, who has been spending a vacation in Escanaba, left Sunday on his way to Montreal, Canada, where he will take over as leader of a 52-day tour of 10 countries in Europe. The tour is sponsored by the University of South Dakota, where Danielson is Associate Professor of Spanish. The trip will be by ship to Liverpool, England, and will wind up at Madrid, Spain, returning to New York by jet plane Aug. 29.

Dr. Danielson is the eldest son of Mr. and Mrs. L. A. Danielson, 508 S. 7th St.

Quarterly Sales Set Record For Red Owl Stores

MINNEAPOLIS — Sales of Red Owl Stores, Inc. for the three months ended May 30, 1964 were higher than in any previous first fiscal quarter. Ford Bell, Chairman of the Board, and James A. Watson, president, said in the quarterly report to shareholders.

The recent reduction in federal income taxes enabled Red Owl to show some improvement in operating earnings over the record level reached in the first three months of the previous fiscal year, the report said.

Sales for the first quarter this year amounted to \$72,976,705, compared with \$71,624,350 in the corresponding period a year ago. "All segments of the Company showed sales increases over last year," the report said. A quarterly dividend of 22 1/2 cents per share was paid to shareholders on May 15.

Hunt Changes Will Be Minor

Except for two minor changes, the game section of the Conservation Department will recommend no alteration in Upper Peninsula game regulations for 1964.

The section's recommendations will be considered by the conservation commission this week in Sault Ste. Marie, the only Upper Peninsula meeting this year.

One of the recommended changes calls for the second early bear hunting season, which begins on Oct. 1, to end on Nov. 5 instead of Nov. 3, as last year. The two days were cut off the season last year because the deer season in the western two-thirds of the Upper Peninsula opened on Nov. 9, and state law stipulates that there must be a five-day "quiet period" (during which high-powered firearms are not allowed in the woods) preceding the opening of the deer season. Under legislative change, the deer season this year west of M-77 will open on Nov. 14 (the Saturday nearest Nov. 15), so the quiet period will not begin until Nov. 9, eliminating the need to close the bear season on Nov. 3.

The other recommended change would add Sugar and Neebish Islands to the areas to be closed to sharp-tailed grouse hunting. In the past two seasons, Drummond Island in Chippewa County and all of Baraga, Gogebic, Houghton, Keweenaw and Ontonagon Counties have been closed to sharp-tailed grouse hunting. Because extremely few sharp-tailed grouse have been found this year on Neebish and Sugar Islands, both also in Chippewa County, biologists are asking the commission to ban hunting there this year also.

The commission will meet Thursday and Friday. The informal session will be held at 1:30 p.m. in the Community Room of the First National Bank. The formal session will begin at 9 a.m. Friday in the same meeting place.

If the commission follows the game section's recommendations, all other small game

hunting regulations in the Upper Peninsula this year will be unchanged from last year.

Commenting on ruffed grouse hunting, H. D. Ruhl, Lansing, chief of the game section, said grouse in the Upper Peninsula "have remained relatively stable (in population) for the past seven or eight years and probably will not change much this fall."

Although the computed U.P. ruffed grouse kill last year dropped to 195,100 from 207,600 in 1962 and the estimated number of partridge flushed per hour of hunting fell to 1.15 from 1.59, "we do not consider the 1963 drop significant," Ruhl said.

Combined opinions of department field personnel, federal forest rangers and selected sportsmen, polled this spring, showed that 64 thought there were more ruffed grouse in the U.P. this spring than last, 76 thought the population about the same and 50 thought there were fewer birds.

Biologists making drumming counts on 13 routes in the U.P. this spring found an average of .99 drums per four-minute listening stop this year compared with .77 drums last year.

In regard to snowshoe hares, the Upper Peninsula's other popular small game quarry, Ruhl said, "Although a further decrease in hare numbers could have been expected from their cyclic history, it appears that the population has increased, rather noticeably, in some parts of their range. Of 184 Upper Peninsula observers, 43 per cent reported as many as a year ago and 42 per cent reported more, while only 15 per cent said there were fewer."

Democrats Hold Convention In Lansing Sept. 18

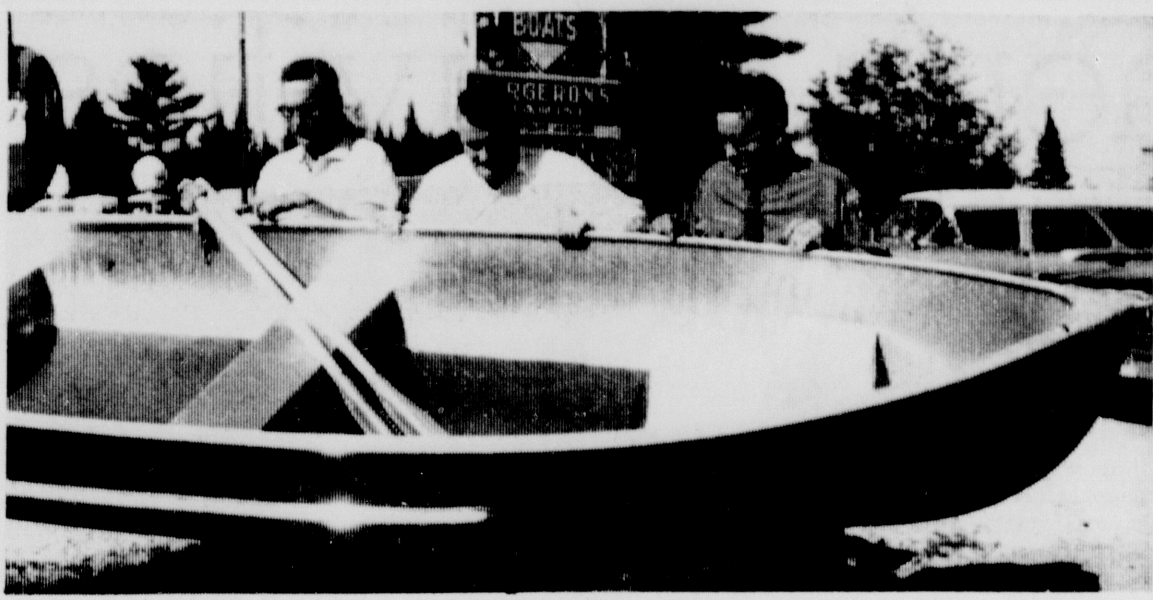

LANSING (AP) — The Democratic State Central Committee has announced state Democrats will hold their fall convention in Lansing, Sept. 18-19.

An important factor in selecting Lansing as the convention site, the committee said, was the reduction in costs because the meeting will be held in the city housing the state headquarters.

Previous Democratic conventions traditionally had been held at Grand Rapids. Flint was the sole previous example in the past 10 years of a city able to break the Grand Rapids control of the convention site.

The other short spur will wind up at the Little Carp River, a beautiful, rocky stream which, with Mirror and Lily Pond lakes, will share a major trout planting program. On a trail along the Carp, ambitious hikers can trudge past a series of falls with romantic names, all the way to Lake Superior.

A road along the south boundary of the park was a dream long before the state acquired the Porkies in the 1940's. McKenna states, although the philosophy of "save the wilderness" prevailed against it. He declares:

INTERNATIONAL Brotherhood of Pulp & Sulphite and Paper Mill Workers, Local 110 at the Escanaba Division, Mead Corp. have given this fine new 14-foot, non-sinkable aluminum boat to Boy Scout Camp Red Buck for use in instruction in safe boat handling and water safety. From left, Robert Cavill, president of Local 110; John Rogers, chairman of the Local's Charity Fund, and Charles Borden, a member of the Local and a Scouter at Gladstone who accepted the boat for the Boy Scouts. The camp will train about 900 boys this summer. (Daily Press Photo)

Porkies Access Opening Thrills

New scenic vistas of Upper Michigan's wilderness have been opened up for visitors through construction of a new south boundary road through the Porcupine Mountains Park.

Jim McKenna, writing in the June issue of Motor News, describes the new sightseeing adventures awaiting motorists and vacationists in "Across the Porkies—At Last." It's the first of a "New Roads to Roam" series which the magazine will publish for the motoring public.

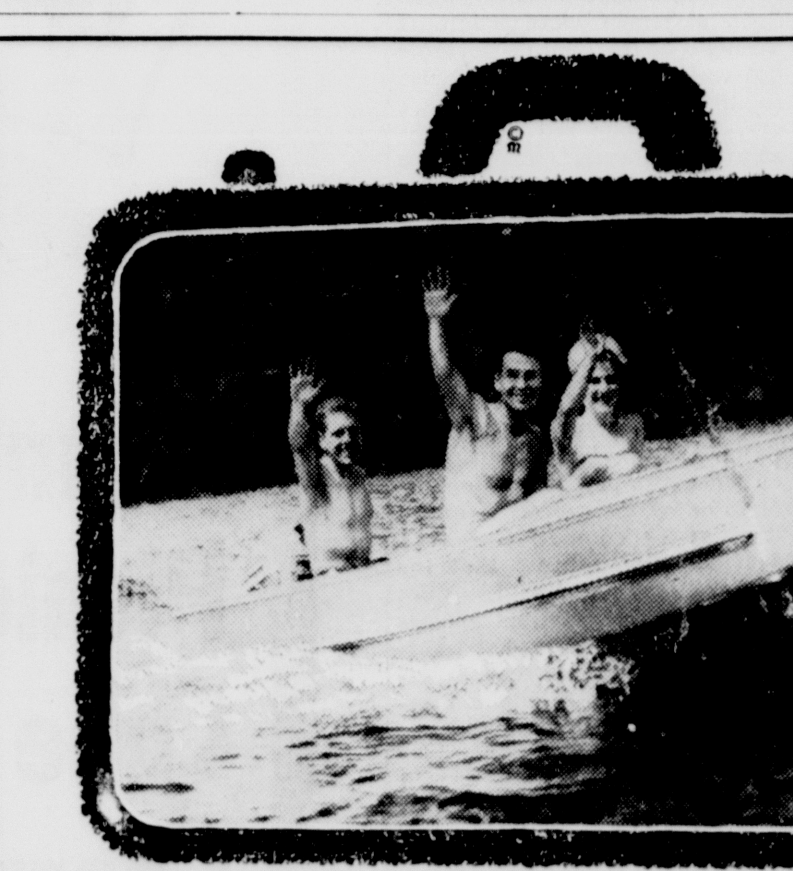

The south boundary road-eight years in the making-skirts the southern boundary of the 58,000-acre park along Lake Superior in Ontonagon and Gogebic counties. While it doesn't penetrate the primitive heart of the park, it does link up the eastern and western sections of the huge area and opens up "superlative scenery" every mile of the way, according to McKenna.

Short spur roads lead visitors to magnificent lookout point and almost to the banks of a sparkling, rock-strewn stream flowing into Lake Superior.

Of the former, McKenna writes:

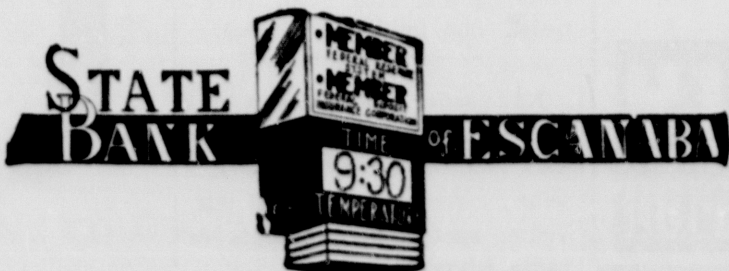

"One of the finest features of a trip over South Boundary will be a spur road to a parking area just below Summit Peak, highest point in the park at nearly 2,000 feet. From Summit you will get a breath-taking panorama in all directions. To the north and far below is the famous Mirror Lake. Beyond that area the great escarpments overlook Lake Superior. The spur to Summit is an old logging trail. It is not a Contract job. The work is being done by the parks division with Conservation Department equipment and corrections camp labor."

The other short spur will wind up at the Little Carp River, a beautiful, rocky stream which, with Mirror and Lily Pond lakes, will share a major trout planting program. On a trail along the Carp, ambitious hikers can trudge past a series of falls with romantic names, all the way to Lake Superior.

Hot Dogs Are Now A Part Of Leisure Living

Hot dogs are fun food, or so history seems to imply. The friendly frank has, over the years, become a part of American leisure living. It was at a refreshment center in Coney Island that the hot dog made its first appearance, according to some accounts. In 1871 an all-beef product was introduced to the pleasure seekers and was an immediate success.

Little Egypt's perpetual motion was not the only big attraction at the Chicago Columbian Exposition of 1893. Wiener vendors kept their product moving and gave a big boost to the hot dog's growing popularity.

Weiner and Bun The St. Louis exposition of 1904 saw the marriage of the wiener and the elongated bun, some reports say. Because "red hots" were too hot to handle, a sausage peddler provided his customers with white gloves. When he found profits fast disappearing with the gloves, he hit upon the idea of a bun to fit the meat.

Because of their convenience and hearty eating, hot dogs rapidly became a familiar sight at carnivals, exhibitions and circuses throughout the Midwest, reports the American Meat Institute.

Although hot dogs and baseball are now a natural combination, it was at a football game that sports fans first enjoyed the treat. In 1900 the owner of the refreshment concession at the New York Polo Grounds was searching for hot food for shivering football enthusiasts. Soon salesmen were tramping through aisles with portable hot-water tanks filled with floating frank. The salesman's cry, "Get your red hot dachshund sausages," inspired a sports humorist with a new cartoon idea—a talking sausage. The humorist named the figure "Hot Dog" because, as the story goes, he couldn't spell "dachshund." The name caught on.

World's Fair Favorite Today you'll find hot dogs at most sports events, picnics, patio parties, beach outings—or wherever people get together to enjoy themselves. Waiting lines at the current New York World's Fair indicate that the hot dog's popularity has not diminished. In fact, travelers tell us that the hot dog sandwich is well on its way to establishing itself in the amusement centers of the world.

E.H.S. Class Of 1919 Reunion Held July 4

Another successful reunion piece and the red roses, presented the ladies, were the gift of a class member, Walter Nelson. The red rose was the flower of the class of 1919.

Charles Gessner, class president, was master of ceremonies, assisted by Helen Meier Lewis, chairman of the reunion.

An informal program was held, covering the years from graduation to the present day. Each member gave a short talk on his activities. Tribute was paid by the class to Miss Effie M. Griffith, English teacher at that time, "finest teacher of all."

Moderates Lose Battle In GOP; Goldwater Is In

By BRUCE BOISSAT
WASHINGTON — (NEA) — Republican moderates might as well face it—they've lost the battle.

Gov. William Scranton of Pennsylvania now has little prospect of doing more in the Republican convention than give his party's moderate cause a "respectable presence" in the face of an overwhelming Barry Goldwater tide.

This reporter has just completed a recheck of 20 states with sufficient delegate fluidity to have offered Scranton some hope of a breakthrough. There is no breakthrough.

Senator Goldwater's California primary victory June 2 was the great divide. Once that result was in, the still stout resistance to his candidacy crumbled in many crucial quarters.

With each passing day Goldwater's delegate position seems more impregnable. Barring some tremendous emotional explosion that could shake the whole delegation structure, Goldwater will win going away at San Francisco.

This means that for his one

busy month of campaigning Scranton may be honored only for conducting a caretaker operation for the Republican moderates. He may roll up a presentable 400 to 450 votes in the convention, just enough to permit the moderates to persuade themselves Goldwater did not win by default.

But the blunt fact is, without taking anything away from Goldwater and his hard-working delegate rustlers, that the moderates in 1964 did default.

Scranton's late entry into the battle does not absolve them of this charge. More than a few observers believe that his entry is explained in considerable part by his wish to escape the personal damage done him by the indecision he exhibited at the Cleveland Governors Conference.

But the portrait of indecision which embraced not just Scranton but all the moderate leaders at Cleveland was merely the dramatic exposure of a condition with deep and distant roots.

As leaders, the moderates do not necessarily constitute a majority in the Republican

party. Yet they think of themselves as leading a clear majority of the party faithful.

This is how they "led": After John F. Kennedy's assassination they failed to take Goldwater's conservative candidacy seriously. A quick glance however, would have shown them he still stood to capture at least 250 Old South delegates, the bulk of the mountain area's 108, at least a third of the Midwest's whopping 324.

Knowing full well they had no rival horse, these moderate chieftains rarely if ever talked among themselves, never coordinated their ideas, never planned, never realistically appraised possible alternative candidates.

They dreamed fancifully of lucking it through. They counted on Goldwater to beat himself or fall before New York's Gov. Nelson Rockefeller, whom they all demeaned. They spoke of nomination for Scranton or Richard Nixon with a certainty which bore no relation to reality.

At nearly all times, they were ill-informed. Much of the time they behaved and thought unprofessionally. Some kept excusing their rudderless, desultory performance on the ground a GOP nomination in 1964 "would not be worth much" against a soaring President Johnson.

No true professional in a major party thinks—at least not on company time—of giving away the presidency. But this

year the GOP moderates have acted, except for this last frantic dash by Scranton, as if both the presidency and their own cause were worthless.

Barry Goldwater may not be to their taste. Nevertheless, his backers have played the game as if it were worth winning. If the moderates are to be no more than a "presence" at San Francisco, they have no one but themselves to blame.

An average of 69,700 public school classrooms have been built every year for the past five, according to the U.S. Office of Education.

Ore Shipments Shrink In June

CLEVELAND (AP) — Iron ore shipments on the Great Lakes during June totaled 9,183,163 gross tons, a drop of 46,796 tons from the 9,229,959 tons shipped in June of last year, the American Iron Ore Association reported.

Shipments for this year to July 1 totaled 22,211,422 tons, compared with 18,125,895 tons for the corresponding period of last year.

Union Wants Pension Boost From Chrysler

DETROIT (AP) — Fresh from a holiday, United Auto Workers and Chrysler Corp. negotiators meet today to bargain on contract demands which the firm says would be very costly and the union says would repay a favor.

UAW President Walter P. Reuther, hitting on a key demand of the UAW in industry-wide bargaining this year, said the union will ask Chrysler for pension fund increases.

The union wants an increase to \$4.25 per month for each year of service from the \$2.80 under the current agreement, he said.

The contract of 74,000 UAW members with Chrysler expires August 31, the same time as pacts with General Motors Corp. and Ford Motor Co. The contracts cover a total of some 550,000 workers. The Big Three auto makers and the union held preliminary negotiating sessions last week during which the UAW outlined its goals.

Share In Prosperity

GM and Ford talks will resume Tuesday. American Motors, whose contract expires Oct. 16, will open negotiations Wednesday.

"We helped you when you were in trouble" is Reuther's stated theme in Chrysler bargaining. He referred to 1961 when the UAW signed a three-year agreement with Chrysler when it was in a period of declining sales and profits.

"We were in an adverse position in that bargaining," he said. "Now that things are going well and your executives have made fantastic gains, we feel that Chrysler workers are entitled to share more fully in your prosperity."

John D. Leary, Chrysler vice president - administration, said "I cannot tell yet what the cost would be to the company, but some of the proposals would be very costly."

Chrysler's hourly - rated employees Friday began receiving an additional five cents per hour, bringing their average wage to \$3.05 hourly. The industrywide average is \$3.01. The nickel an hour had been diverted from Chrysler workers pay checks in the 1961 contract to a fund for idled workers.

More Rest Periods

Higher pension benefits and earlier retirement are top demands, UAW sources say. The union also wants improved working conditions — it has argued for increased relief periods for assembly line workers — longer vacations and higher overtime pay. It seeks additional paid holidays, a shorter work week, higher wages, and an improved cost-of-living clause.

Spokesmen for GM and Ford have described the UAW proposals as exorbitant. Confidence that a contract will be worked out without governmental intervention has been expressed by Reuther and a Ford official.

Showdown bargaining is expected to begin about the middle of August. Company counter-proposals are expected to be presented within several days.

Northside Bus To Beach Starts Operating Today

Young people on Escanaba's northside will again have bus transportation to and from Escanaba's Municipal Beach, beginning today and continuing through July 31.

The bus will leave Webster School each day at 1 and 1:30 p.m. and will leave the beach at 4 and 4:30 daily Monday through Friday. On very hot days, an extra trip will be made to and from the beach. It is important that each returning bus be filled so that there will be sufficient room on the last bus leaving the beach at 4:30 p.m.

This year there will be no bus transportation provided on cold, rainy, or damp days and this will be announced prior to the regular pickup times. A parental authorization form must be filled out by all those riding the bus, otherwise they are not insured and should not ride the bus. These forms will be given out to those boarding the bus and should be returned on the following day, on the bus.

There is no "fare" charged for riding the bus, however, it would be appreciated if donations of \$1 or more could be brought to Nelson's Cash Store, 1329 Sheridan Road, so that the bus transportation could be extended at least through the first week in August or longer.

This service is sponsored by the Social Ministry Committee of Christ the King Lutheran Church as a community service for all northside youth. H. George Nelson is chairman of this project. Service clubs and the Insurance Agent's Association of Escanaba have made two-thirds of the contributions.

Swim Program Beginning For Ford River Kids

The Ford River Township swimming program will begin on Tuesday, July 7, with the children being bussed to the Ludington Park beach in Escanaba.

Children will be picked up at Blake's Store at Hyde at 8:45 a.m.; at the Ford River School at 9:10 a.m., and at Vic's Gas Station at Ford River at 9:30 a.m.

Swimming instruction at the beach will be from 10 a.m. until noon and the children will then be bussed home.

Swimming lessons will be held each Tuesday and Thursday each week and will continue for about five weeks. Registrations will be received by Clarence Sundquist, Township Clerk, phone ST 6-3075.

Trades Council Renews Grant For Scholarships

The Delta Trades & Labor Council is renewing its scholarships for Bay de Noc Community College, it was announced today.

The scholarships offer full tuition for one academic year and applicants must be sons or daughters of Council members. Applications must be made through the Bay College office and scholarships will be awarded before Sept. 15 this year.

Further information may be obtained from Robert Osier of the Trades & Labor Council.

Thousands Enjoy Holiday At Big Escanaba Park

Thousands of area persons chose Ludington Park for their observance of the July 4th holiday. Many came in the morning to enjoy a family picnic and stayed through the fireworks display in the evening.

The afternoon activities were highlighted by the 14th annual baby contest at the Karas Memorial Band Shell. There were 67 boys and girls from two through five years of age entered in competition for prizes and honors.

In the girl's division, the judges chose four-year-old Susan Shipman, daughter of Atorney and Mrs. Donald Shipman, 406 S. 4th St., as first place winner. The second place award went to Ann Marie Johnson, three-year-old daughter of Mr. and Mrs. Walter Johnson, Ford River Road and third place winner was two-year-old Debbie Taylor, daughter of Mr. and Mrs. William Taylor, Rte. 1, Cornell.

Joseph Peltier, two, son of Mrs. Judith Peltier, 330 S. 8th St., received top honors in the boy's division. Second place was won by David Leonard, five-year-old son of Mr. and Mrs. Donald Leonard, 1807 5th Ave. S. and David Wichner, three, placed third. He is the son of Mr. and Mrs. Edward Wichner, 1119 S. 16th St.

Contest Judges

Chairman of the judges' committee was Mrs. John Sankovitch. She was assisted by Mrs. John Hemes and Mrs. Robert Coan. Paul Vardigan, recreation director, served as master of ceremonies for the event.

The traditional races and games competition, sponsored by the Escanaba City Recreation Department, featured boys and girls competing in three divisions and four age groups.

The winners, in order, are: five and six year old boys, 50 yard race, Jay Cartwright, Bob Diehrich and Matt Smith; 25 yard backward race, Mark Sankovitch, Jay Cartwright and Bob Diehrich; football kick, Mark Sankovitch, Jay Cartwright and Mike Smith.

Boys, eight and nine years old, 50 yard race, John Diehrich, Jeff Young and Tom Sankovitch; 50 yard backward race, Mike Sankovitch, Jeff Young and Mike Reno and football kick, John Diehrich, Mark Sviland and Mike Sankovitch.

Boys, 10 and 11 years old, 75 yard race, Phil Dumais, Tom Savage and Mark Norton; 75 yard backward race, Mark Norton, Phil Dumais and Tim Derouin; football throw, Phil Dumais, Tom Savage and John Bednard.

Boys, 12 and 13 years old, 100 yard race, Gregg Johnson, Rich Bougie and John Mileski; 100 yard backward race, Gregg Johnson, Jim Steinmetz and Joe Pryal; football throw, Jerry Karth, John Mileski and Gregg Johnson.

Girl's Contest

In the girl's division, winners were, six and seven year olds, 25 yard race, Paula Derouin, Myra Cmejla, Micky Dennison; 25 yard backward race, Myra Cmejla, Paula Derouin, Cheryl Sivertsen; ping pong throw, Bonnie Vardigan, Cheryl Sivertsen and Kathy Cousineau.

Girls, eight and nine year olds, 25 yard race, Mary Taylor, Barb Cousineau, Nancy Meier; 25 yard backward race, Barb Cousineau, Maureen Pryal, Barb Bonfield; ping pong throw, Barb Bonfield, Diane Stohl and Vicki Derouin.

Girls, 10 and 11 years old, 50 yard race, Lou Ann Young, Doris Bawden, Colette Miller; 50 yard backward race, Lou Ann Young, Annis Cole, Sue Sviland; ping pong throw, Sandy Ueche, Janet Beck and Debbie Pilon.

Girls, 12 and 13 years old, 75 yard race, Joan Almonroeder, Karen Cartwright, Gail Lancour; 75 yard backward race, Connie Sovey, Karen Cartwright and Diane Rose; ping pong throw, Karen Cartwright, Joan Almonroeder, Kathy Correll.

Escanaba's July 4th evening program started with a concert by the Escanaba Municipal Band conducted by Cecil Collins and featuring patriotic airs and current favorites like "Hello Dolly."

With dusk the city offered its annual fireworks show at the Municipal Beach for the thousands gathered in Ludington Park and along the waterfront. The show fired by Francis Lueneburg, Recreation Department beach director, and his aides was excellent and it got an unexpected assist from the ore carrier Robert Jabson, which entered the bay shortly after 10 o'clock and fired red aerial flares as it moved toward the Chicago & North Western Railway dock. The fireworks lasted for 30 minutes and featured more aerial displays than in previous years.

The aerial show was witnessed by hundreds on the Stonington Peninsula, too, and an advertisement of the celebration at Stonington urged attendance to see the fireworks show in Escanaba.

Gladstone State Police report that holiday traffic was only moderate for a three-day holiday weekend. There were no serious accidents in the area and fewer arrests and complaints than previously recorded.

The finale for the gala weekend came with the Escanaba Aqua-Nuts Water Ski Show on Sunday afternoon. It was estimated that over 1,500 persons witnessed the production that had been scheduled for Saturday but was postponed because of the windy weather.

The highlight of the show was the new para-sail, a parachute device that's attached to a harness worn by the skier. Jerry Ness flew nearly 300 feet in the chute and thrilled the spectators with the height.

Other popular acts were the jumps by Ness, Dave Skipper and Dick DeGrand, going singly, doubles and then three at a time over the 20 foot ramp. Skipper also performed a one man act called body surfing. Without using skis, he held the tow rope and was pulled through the water wearing a wet suit.

American Shot In East Berlin

BERLIN (AP)—An American soldier was shot in a quiet side street of Communist-ruled East Berlin Sunday night and found by a passing U.S. officer.

The wounded soldier was brought back to West Berlin and placed in a military hospital where his condition was described as satisfactory.

A U.S. Army spokesman said, "The motive for the shooting was apparently robbery as the soldier reported his money was missing."

Army surgeons removed a small-caliber bullet from the soldier's stomach. He was shot in the right side of his back, just above the belt line.

The victim's name was withheld here pending notification of his next of kin, but in Oklahoma City, Mrs. Stanley Coppage said she received a telegram late Sunday night informing her that her son, Pfc. John M. Coppage, 19, had been seriously wounded in a shooting incident in East Berlin.

Coppage was stationed at Heilbronn, in West Germany, but wrote home last week that he planned a tour with an Army buddy.

Troop 409 Spends Week At Redbuck

Boy Scout Troop 409 returned on Saturday, July 4, from a week at Boy Scout Camp Redbuck near Munising. Scoutmaster Kenneth West said Mike Berro, John Breitenbach, Steve Courier, Earl Deiter, Greg Gerou, Bill Fillion, Mike Fillion, Jack Lehman, Keith Lehman, Tom Leonard, Mike Myers, Tom Palmquist, Terry Pearson, Gary Rudden, Bill Shea and Terry VanEffen attended.

The troop was accompanied by David Collins, counselor. Other men who assisted one or two evenings during the week: John Pearson, Raino Maki, Kenneth West and Rolland Collins.

Boy Scout Troop 409 was established several years ago by the Lion's Club of Escanaba and four years ago sponsorship was turned over to Christ the King Lutheran Church on Escanaba's northside. According to the Rev. Erland E. Carlson, pastor of the church, the success of the troop is due primarily to Scoutmaster Kenneth West and his assistant, Kenneth Anderson and the Troop Committeemen.

Two new assistants will begin working with the troop this fall: David Collins and John Pearson. The troop consists of about 35 boys and according to Pastor Carlson two thirds of the troop are members at St. Thomas and one third are from various Protestant Churches. The Troop meets from September through May each Monday evening from 7 to 8:30 p.m. at the Webster Community School. Any boy 11 to 16 years of age who is interested in joining Troop 409 should begin coming to the meetings in September.

A slugging Marquette team captured the first annual Escanaba Invitational softball tournament championship before a large crowd at Memorial Field Sunday night.

Bob's Pub, invading the Eskey Fourth of July tournament with an impressive 13-1 league record in Marquette, lived up to advance billings by blasting Escanaba Mead 10-3 in the championship game.

Bob's wrecking crew reached the finals by sidelining Iron River Al & Sal's 6-3 and Koski Korner's of Ishpeming 3-2. The Paper Makers made the championship scene by topping Iron Mountain Bosch 4-2 and Ishpeming Woody's by the same margin in nine innings in the semifinals.

Bill Bertucci tamed the Mill batsmen with three hits in the title game. He granted doubles to Norm Butler and John Martinac in the first inning as Mead scored all three of its runs. The only other hit the Paper Makers got was a single by Con Yagodzinski in the sixth.

Meanwhile, the Pubbers reached Mead starter Billy Smith for six hits and six runs in the second frame and were never threatened. Todd Butler came in to halt the uprising but was touched for five more hits and four more runs the rest of the way.

Right fielder Chet Walker paced the champs at the plate with a perfect day, stroking three singles in three trips.

Skinny's Bar opened the three day tournament with a 13-4 triumph over Marquette's Remillard's Friday night. Skinny's rattled 15 hits off Ron Champion, including four

straight by Davidson and three by Tom Butler.

In their next start Skinny's was blanked 11-0 by Woody's behind a brilliant no-hit pitching performance by Werner Maki who fanned six and walked two.

Escanaba Hamms dropped its first start to Koski Korner's by a 2-1 margin with Bill McGovern losing on a five-hitter. Koski's won its second game by nipping Iron River Nasser's 3-2 in 10 innings. Bill Koski singled and scored the deciding run in the 10th.

Bold Strategy Pays Off For Bardahl Pilot

DETROIT (AP)—A bold piece of strategy paid off for Ron Musson Sunday as he piloted his national champion Miss Bardahl to its second straight Gold Cup triumph on the Detroit River.

The 35-year-old Musson was engaged in a nip-and-tuck battle with a brand new challenger, Tahoe Miss of Lake Tahoe, Nev. when the deciding final event got underway. Less than 100 points separated them.

Chuck Thompson was making a strong bid in Tahoe Miss to win the one major title which has eluded him during his long career—the Gold Cup. He had won three straight heats, including a nose-to-nose race with Miss Bardahl in an early race and had a 1,200 to 1,100-point lead.

Less than three minutes before the final event, Tahoe Miss developed trouble with its oil pressure line and had to go to the pits. By the time it got back to the finish line, the other boats were on their way and had a commanding lead as Tahoe Miss ran last in the six-boat race.

Musson, who picked up \$7,000 first prize money and a new convertible said, "When I saw Chuck was in trouble, I changed my strategy. I had figured to race him all the way and it would have been a real tussle, but with him out, I just played it safe and came home with enough points to win. I did not want to take a chance of burning out my engine."

Musson, whose Miss Bardahl races out of Seattle, described the 64th running of the Gold Cup as "one of the toughest races of my life."

Gauthier Stars As Cubs Blast Ishpeming, 13-7

Ron Gauthier turned in a impressive slugging exhibition to lead the Eskey Cubs to a 13-7 exhibition baseball victory over Ishpeming Sunday.

The veteran Escanaba player crashed two homers, a double and a single to drive in seven tallies.

His homers, with a mate aboard each time, came in the first and ninth innings. His single drove in three runs in the fifth.

Bill Sheedlo, Wally Schultz and Mike Gafner shared the Eskey mound.

National League Hurlers Have All-Star Advantage

NEW YORK (AP) — The National League leads the American League 2-0 in rested pitchers going into Tuesday's All-Star Game.

Of the 15 hand-picked pitchers for the All-Star classic, 13 saw action during the weekend, leaving the National League with a distinct advantage in its bid to even the over-all series between the leagues at 17 victories each.

Walt Alston of the Los Angeles Dodgers, manager of the National League team, had Don Drysdale of the Dodgers and Philadelphia's Chris Short sufficiently rested.

But Al Lopez of the Chicago White Sox, the American League skipper, had a cup-board like Mother Hubbard's.

It was suggested that Lopez line his pitchers up and call for volunteers to take one step forward. The starting assignment was to go to the last man stepping backward.

In the absence of such a maneuver, Lopez was expected to

dispose of Woody's by a 4-2 margin in the semifinals. The Paper Makers scored three runs in the ninth to give Butler the mound victory.

Bertucci was on the mound as Bob's team downed Iron River Al & Sal's 6-3, scattering seven hits. Jerry Gallagher tossed for the Iron River team. Jackie Stone took the mound in the 3-2 verdict over Koski Korner's, firing a neat three hitter. Glenn Johnson won it with a solo homer leading off the sixth inning.

Musson's decision to take it easy and preserve his victory nearly backfired. Thompson, who finally got his boat rolling after the trouble with oil pressure cleared itself up, nearly nipped Miss U.S. V at the finish line.

The latter just managed to get across the wire six feet in front of Thompson's boat. That gave Miss U.S. V 127 points for a fifth place finish in that heat while Tahoe Miss settled for 95.

If Thompson had grabbed the fifth spot, he would have had 1,327 total points — two points higher than Miss Bardahl achieved winning.

Bill Brow of Seattle won the final race and notched 1,300 points for runner-up spot to Miss Bardahl. Tahoe Miss finished with 1,295 for third.

Two accidents marred the program.
 Bob Schroeder of Buffalo, N.Y., was tossed out of his Miss Budweiser on a turn in the first heat, but both he and his boat escaped serious harm.

Bill Muncey, driving the Seattle boat Notre Dame, escaped injury when he hit a buoy on a turn in the second heat. He had to take an extra turn around the course and that cost him what ever chance he had for the day.

Iron Peg Makes Race Track Bid

By The Associated Press
 Iron Peg, virtually unknown two months ago, has stuck his nose literally into the thick of contest for the American turf's handicap division title by proving he can carry his vaunted speed over a distance of ground.

The son of Dark Star, 1953 Kentucky Derby winner, with the blood of the speedy Roman flowing through his veins, was unraced as a 2-year-old. As a 3-year-old he was sent to England by Harry F. Guggenheim, owner of the Cain Hoy Stable. He did nothing there to distinguish himself in five races, except for setting the pace for one mile of the English Derby.

It has been a different story since he made his 4-year-old debut in this country May 12 at Aqueduct last Saturday when he came up against Kelso, champion American thoroughbred the last four years, and Olden Times, winner of four straight, in the 1 1/4 miles of the \$110,000 Suburban Handicap at Aqueduct.

With Manuel Ycaza in the saddle, he let Olden Times set the pace for one mile, then bounded to the front and staved off Kelso's stretch challenge for a

victory in 2:01 4/5 over a dull track. Olden Times faded to third, four lengths back.

Kelso, still looking for his first major victory of the year after four starts, picked up top weight of 131 pounds and gave Iron Peg 16.

The \$75,000-added Dwyer for 3-year-olds Saturday could give Aqueduct another thriller. The field will not be known until after weights are announced today but eligibles for the 1 1/4 mile race included Quadrangle and Roman Brother.

Dandy K., who whipped Roman Brother in the Chicagoan, is scheduled to make his debut on the grass in the 1 1/16 mil of the \$30,000-added Laurance Armour Handicap at Arlington Park.

Elsewhere on the Fourth of July, Spanish Fort, \$60,40, captured the \$46,500 Stars and Stripes Handicap at Arlington Park; Colorado King, \$14,80, won the \$55,200 American Handicap at Hollywood Park; Time Tested, \$3,60, scored in the \$25,050 Dover Stakes at Delaware Park and Du De Great, \$5, took the Mayflower Stakes at Suffolk Downs.

Ski Hall Open Daily In Ishpeming

ISHPEMING — Cooperstown, N.Y., has its Baseball Hall of Fame. And Ishpeming - where a national ski organization was formed 60 years ago - has its United States Hall of Fame and Museum. Dedicated just 10 years ago, the ski "hall" has grown steadily until today it offers visitors a museum containing more than \$50,000 worth of trophies and medals, plaques of persons elected to skiing's Hall of Fame, pictures of great jumpers and hills, old skis and other mementoes from nearly every country where the sport is known.

Burton Boyum, curator, announces the museum is open daily from 10 a.m. to 4 p.m. (including the noon hour) from now through Labor Day. George Quaal, on duty there, will take groups or individuals on tour of the displays at any time during those hours.

Spectator Dies As Racer Wheel Lands In Crowd

HARTFORD (AP)—The final stock car race on the Independence Day card of the Hartford Speedway ended in tragedy Saturday when a wheel snapped off a race car, careened 50 feet in the air and crashed among a capacity crowd of 4,000 fans.

A Lawton girl was killed and eight others were injured, one critically.

Norma Bigelow, 19, a 1963 graduate of Lawton High School, died of a cerebral concussion after the wheel struck her in the head.

Mrs. Robert Hartman, 45, of Mishawaka, Ind., was listed in critical condition at St. Joseph Hospital, South Bend, Ind., with severe head injuries.

Lola Ann Hendricks, 13, of Hartford, and twin sisters Irene and Lline Sharp, both 17, of Bangor, were listed in good condition at Watervliet Community Hospital.

Four other spectators were treated for minor injuries, hospital authorities said.
 State police at the Paw Paw post said the accident occurred in the 15th lap of the 25-lap feature race, the last race of the night.

The wheel flew off the rear axle of a modified stock car driven by Neil Burson of Schoolcraft as he roared into the straightaway in front of the grandstand, police said.

A following racer driven by Oscar Pay struck the wheel, sending it soaring over a heavy wood barrier and wire fence into the first two rows of seats.

Floyd Biske, general manager of the speedway, called it a freak accident impossible to anticipate.

He said he had taken special precautions to protect the crowd from debris during a fireworks display. Two ambulances, a doctor and a nurse were standing by, he said.

Police said Miss Bigelow came to the track with Walter Haney, 24, of Paw Paw. He suffered minor bruises, police said.

"She wasn't too much interested in cars," said Linda Bigelow, 17, a sister. "I guess they went because her boy friend, Walter, liked the races. I think this was the first time she ever went to the races at Hartford."

Pow-Herm Team Suffers First League Defeat

The Powers - Hermansville baseball team was knocked out of the unbeaten ranks Sunday by Menominee in the Waubung League.

Menominee whipped the Pow-Herm club 12-4 whacking Dennis McClure for 10 hits, including three homers.

Powers - Hermansville had won three straight previous league outings. The defeat drops Pow-Herm into a tie for first place with the idle Eskey Cubs.

Menominee wasted no time getting the range off McClure as Tim Rosemeyer belted a two run homer in the first inning.

Coach Albert Beyer's Beavers also got homerun clouts from Tim Zeratsky and Gary Gignac, both coming in a four run sixth inning.

Jack Nicholas went the distance on the Menominee mound and limited Powers-Hermansville to six hits. Third sacker Ron Povolo had three of them. Nicholas fanned 10.

McClure handled the Pow-

Herm pitching duties until the seventh when Don Whitens, Jim Haight and Povolo were called into action. Povolo finished out the game.

Track Coach Is Optimistic

NEW YORK (AP) — "I'd say we are coming along nicely, we must be careful not to reach a peak too quickly," Coach Bob Giegengack said today, proudly reviewing the nucleus of his U.S. Olympic track and field team.

"The performances over the weekend were very encouraging. We must wait until after the final trials and also see what the Europeans are doing before we can accurately assess our chances at Tokyo."

"Off hand, I'd say we have reason to believe they are very good."

Broad jumper Ralph Boston and hurdler Hayes Jones were the leading stars in the first of two Olympic tryouts held Friday and Saturday at Randall's Island. The final tests are scheduled Sept. 12-13 in Los Angeles.

Boston, the defending Olympic champion, qualified for the team by broad jumping 27 feet, 5 1/2 inches, farther than any man has ever leaped, although the wind prevented consideration for a record. Jones swept over the 110-meter high hurdles in the excellent time of 13.4 seconds, 1-10th better than the Olympic mark.

Five other American athletes qualified with performances surpassing the existing Olympic mark.

Former Champion Floyd Patterson Defeats Machen

By DICK SODERLUND

STOCKHOLM, Sweden (AP)—Floyd Patterson, the former world heavyweight champion, wants another crack at the title "very, very much" but most of all he wants to fight Sonny Liston again.

He took a big step toward these goals by decisively outpointing Eddie Machen in their 12-round bout here Sunday night before 40,000 at the Raasunda outdoor stadium.

Many Notables Here Saturday For Ore Fete

Many notables in industry and government are coming to Escanaba on Saturday for the city's Ore Centennial celebration honoring the Chicago & North Western Railway.

Heading the honorees, said Wesley Hansen, general chairman of the celebration committee today, will be Ben W. Heineman, chairman of the board, and Clyde J. Fitzpatrick, president, of the Chicago & North Western, who will come here with top officials of the railway in several private cars.

U. S. Senator Philip A. Hart and Congressman Victor A. Knox will be in attendance and Congressman John B. Bennett is also expected. Gov. George Romney, who will be at San Francisco for the GOP convention, will be represented by State Controller Glenn Allen.

The representation from mineral industry and lake transportation will be a tiffany listing of leading figures in the two industries, which are so important to the Port of Escanaba.

Hanna Mining Co., will be represented by Floyd H. Lee, manager of Michigan mines and John Benaglio, district supervisor of industrial relations of Iron River, and Howard Andrews, manager, of Cleveland.

Inland Steel Co., will be represented by Raymond D. Satterley, general manager and Philip D. Pierson, manager of mines, Ishpeming, and by Riley R. O'Brien, fleet manager, of Chicago.

McLouth Steel Corp., Detroit, will be represented by C. Thomas Murphy, vice president — raw materials.

Oglebay-Norton Co., Cleveland, by W. A. Orr, Mining Division.

Tomlinson Fleet Corp., Cleveland by Edward C. Davidson, president.

Canada Steamship Lines,

canaba, will be the main speaker.

Col. Gene F. Ohlendt, commander of the 410th Combat Support Group, SAC will head the representation from K. I. Sawyer Air Force Base and the base's color guard will take part in the parade and Ore Centennial plaque dedication ceremony in the afternoon.

The North Western contingent will also include: J. R. Brennan, Chicago, executive assistant; W. H. Huffman, Chicago, assistant chief engineer-construction; H. B. Bucholz, manager, Industrial Development Dept., Milwaukee; Iver S. Olsen, freight traffic manager, Chicago; E. M. Upland, freight traffic manager - grain, Chicago; R. C. Conley, superintendent, Green Bay; B. R. Meyers, vice president - chief engineer, Chicago.

S. C. Jones, vice president - operations, Chicago; E. A. Olson, vice president, traffic, Chicago; R. C. Stubbs, assistant vice president - sales, Chicago; William Klunder, director of resource development, Chicago; R. J. McCarthy, assistant traffic manager, Green Bay.

Tickets for the banquet Saturday evening, July 11, are available at the Escanaba Chamber of Commerce and from its Senior Citizens, at Gust Asp's, the City Hall and Nelson's Cash Store at \$3.75 per person. Chairman Hansen urged plans for wives to accompany their husbands.

Salute!

Riley R. O'Brien, manager of the Inland Steel Co. lake fleet, has issued an order to the captains of its lake vessels that they are to help Escanaba celebrate its Ore Centennial on Saturday, July 11.

O'Brien explains that the day has been set aside by the City of Escanaba, the Delta County Historical Society and the Escanaba Chamber of Commerce to mark 100 years of ore shipment from the Port of Escanaba and to honor the Chicago & North Western Railway, which started hauling ore from Neegaunee to Escanaba in 1864.

Inland vessels, among the finest on the lakes, will dress in inland house flags and salute all craft in approach to Escanaba on Little Bay de Noc next Saturday.

Dale Helms Is Hit In A Hurry

The Keweenaw Playhouse's premiere attraction "The Fantasticks," successfully opened its musical season last week and among the talented performers who triumphed on this special occasion was Dale Helms of Escanaba.

Dale is entering his senior year this fall at Escanaba Area Public High School, where he played Curley in "Oklahoma," this past winter. The son of Mr. and Mrs. Dorwin Helms, he will be serving as an apprentice singer for the entire season at the Playhouse in Calumet.

With "The Fantasticks," Dale proved that "the show must go on." When actor Don Mertz, suddenly suffered an injury to his leg, the day before opening night, Dale was called in to take over his role.

The rest was Calumet's fortune. Dale Helms played the hilarious old-time Indian Mortimer in "The Man Who Dies" and completed a week's engagement in the production.

Currently he is featured in "Kismet" which will run

through Sunday, July 12. If "Fantasticks" is any indication, Dale Helms and the Keweenaw Playhouse are in for a most exciting season, says Director Leeland Ball.

Arthur Hill in a Houghton Mining Gazette Review of "The Fantasticks" said "And such dying has never been equalled as that done by Dale Helms of Escanaba. He is at the Playhouse this summer as an apprentice and will perform as a singer in almost all the musicals. At the time when Dale was so suddenly called into "The Fantasticks" he was in rehearsal for "Kismet," the current bill."

Dale plans to continue his studies in the fall, when he will enter his final year of high school here.

Knox To Attend Ferry Hearing

Congressman Victor A. Knox (R-Mich) said today that he plans to attend the Interstate Commerce Commission hearings in Cheboygan July 8 on a proposal for abandonment of railroad car ferry service at the Straits of Mackinac and related proposals for curtailing rail service in Northern Michigan.

Knox said, "I have been most encouraged by the spirit of cooperation among interested parties. Because the Coast Guard could only recognize an application for an extension of time if it came from the Mackinac Transportation Co., I requested the company to make such an application. This they

did, and the Coast Guard was most cooperative in granting my request for favorable consideration of this application.

"Through this spirit of cooperation on the part of the Company and the Coast Guard, we are now able to have full hearings before any final action is taken. I am hopeful that this same spirit of cooperation will prevail at the Cheboygan hearings so as to enable an equitable solution to be reached which will be beneficial to all concerned."

Knox plans to remain in the 11th District during the period of the recess of the House of Representatives, and will return to Washington July 20 for the reconvening of the Congress following the Republican National Convention.
